

I Wanna Know

VenueConnection

I wanna know, if you are my love
Then why you get me on the wrong track?
Iâ€™ve got to know, if I stay with you
Then what do I have to expect from this thing?

Youâ€™re wasting my time
I must be blind
But something inside
Is keeping me tied

I wanna know, where is the light
Of this never ending dark road?

Iâ€™m trying hard but I canâ€™t help it
You are my drug, my living energy
I need your strength, your heat, your influence
When I am with you I donâ€™t want nothing else

I wanna know, if weâ€™re doing well
Then why do I have to keep on fighting?
I need to know, if I give you all I have
How come you treat me so bad?

Iâ€™ve got to find
How to unwind
The way to enjoy
And release my mind

I wanna know, what is the end
Of this long lasting story?

Iâ€™m trying hard but I canâ€™t help it
You are my drug, my living energy
I need your strength, your heat, your influence
When I am with you I donâ€™t want nothing else
