Reckless

Judas Priest

No one can stop me know
I'm like a human dynamo
Live wired and chargin' out with power
This time I won't hold back
I'm rarin' to get up and go
Fuelled up and growin' by the hourLook out!
I'm blastin' through the lines
Alive and kickin'
Watch out!
I'm young and lethal
I'm goin' from here until eternity
I'm feelin'
Reckless!
Way outta hand, a real survivor
Reckless!
Comin' at gale force tenAround me I feel the shock waves
Building for the energy
A force field no one can break through
Solid as rock no wonder
I am indestructible
First placed in everything I doLook out!
I'm blastin' through the lines
Alive and kickin'
Watch out!
I'm young and lethal
I'm goin' from here until eternity
I'm feelin'
Reckless!
Way outta hand, a real survivor
Reckless!
Comin' at gale force tenRadioactive field, I'm shootin' through the atmosphere
Takin' off I'm headin' like a rocket through the stratosphereLook out!
I'm blastin' through the lines
Alive and kickin'
Watch out!
I'm young and lethal
I'm goin' from here until eternityI'm feelin'
Reckless!
Way outta hand, a real survivor

Reckless!
Comin' at gale force ten
I'm feelin'
Reckless!
Way outta hand, a real survivor
Reckless!
I'm comin' at gale force
Comin' at gale force tenI'm feelin'
Reckless!
Way outta hand, a real survivor
Reckless!
I'm comin' at gale force
Comin' at gale force ten
