

Lowlife (Remix by Portion Control)

Front Line Assembly

Hollywood is burning
Everything's turning red
Rich People squirming pumping out the lead
Seeing is believing everything is free
Endless lights of glory drowning in the sea
Strange different faces tell different lies
Conquest of creation it only lasts a while

Lowlife

Let's get high

Lowlife

Let's Fly

City of the angels

Lifestyles of the dead

Plastic recreation degenerates your head

Morbid transformation

Hard to tell what's real?

Stem cell masturbation

Faces made of steel

Lowlife

Let's get high

Lowlife

Let's Fly

Time to die
