

Sir Greendown

Janelle Monáe

Sir Greendown
Come wake me in the night
The dragon wants a bite
Of our love The flower and the golden hand
Wooden wings and clouds of sand Sir Greendown
Let's leave in an hour
Meet me at the tower
Ride your horse Here the dolphins walk like men
Here the cyborgs have a plan
Sir Greendown
I need your shining light Let's leave in an hour
Meet me at the tower
I'm in love.
