

I Don't Need Another Lover

Billie Black

I donâ€™t need another lover
I donâ€™t need another lover, hey
Unless youâ€™re taking my place
I donâ€™t need another lover
And I donâ€™t know if I can be
Anyone till I like me
Baby, I donâ€™t need another other

From the beginning to the end
I can see whoâ€™ve been my friends
I can see whoâ€™s tried to bet me
I can see who tries to undermine me
I donâ€™t need another bother

From the conception to the close
I can see who I need most
I can see who Iâ€™ve been host to
I can see who tries to compromise me
I donâ€™t need another bother

I donâ€™t need another brother
I donâ€™t need another brother, hey
Unless youâ€™re sharing my name
I donâ€™t need another brother
And I donâ€™t know if I can take
Anymore kiss on them lips
Baby, I donâ€™t need another brother
