

# Lose This Life

Tait

I, I, I, I got caught in a hurricane  
No one but myself to blame  
I got lost in the rain  
Then I, I, I, I got stuck in a spider web  
Tangled up in all my cares  
Such a lonely affair Like a ragin' sea  
Fear wants to swallow me  
I've searched but there's no peace without You But if I lose this life  
I know, I'll find it in You  
So won't you take my life  
'Cause I surrender to You  
I'm runnin' back to the truth  
Your word is clear  
I've got to believe it Lost, so lost  
Somewhere in the dead of night  
Driftin' like a satellite, spinnin' out of control  
But love, your love is stronger than gravity  
And it's pullin' at the heart of me  
I'm givin' in Like a ragin' sea  
Fear wants to swallow me  
I've searched but there's no peace without You But if I lose this life  
I know I'll find in You  
So won't you take my life  
'Cause I surrender to You  
I'm runnin' back to the truth  
Your word is clear  
I've got to believe it Lose this life, it's the death of me  
Lose this life, it's gonna set me free  
Lose this life, it's the death of me  
Lose this life, it's gonna set me free And if I lose this life  
I know I'll find it in You  
So won't you take my life  
Oh, I surrender to You  
There's no denyin' the truth  
Your word is clear  
I've got to believe it  
I've got to believe it
