

# I Knew the Bride

## Rockpile

( lowe )

Well the bride looked a picture in the gown that her momma wore  
When she was married herself nearly twenty-seven years before  
They had to change the style a little but it looked just fine  
Stayed up all night but they got it finished just in time  
Now on the arm of her daddy she's walking down the aisle  
And she catches my eye and she gives me a secret smile  
Maybe it's too old-fashioned but we were once close friends  
But the way she looks today she never could have then  
Well I can see her now in her tight blue jeans  
Pumping all her money in the record machine  
Spinning like a top, you shoulda seen her go  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
Now a proud daddy only wanna give his little girl the best  
So he put down a grand on a cosy little lovers nest  
You could have called the reception an unqualified success  
And a posh hotel for a hundred and fifty guests  
Well I can see her now drinking with the boys

Breaking their hearts like they were toys  
She used to love to party, she used to love to go  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
Well I can see her now with her headphones on  
Jumping up and down to her favourite song  
She used to love to party, she used to wanna go  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
Take a look at the bridegroom smiling pleased as pie  
Shaking hands all round with a glassy look in his eye  
He got a real good job and the shirt and tie is nice  
But I remember a time when she would never even look at him twice  
Well I can see her now drinking with the boys  
Breaking their hearts like they were toys

She used to love to party, she used to love to go  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll  
I knew the bride when she used to rock and roll
