

# Blues Palace

## John Gorka

We grow up, change and move away  
Chasing a dream with a place to stay  
Some get lucky and come on strong  
But you know some don't they only belong

In aChorus:

Blues Palace it's a palace of the blues  
For used lovers and junkyard news  
There's nasty women who will cater your affairs  
With white lightning and sugar upstairs  
There's the king who lost his lady love  
To the tall dark night and the stars above  
It's a red brick castle with three floors of rooms  
Now it's just a home for misbegotten grooms  
It's a(Chorus)

Well I've been cheated and I've been lied to

I've been mistreated by those I'm tied to

It won't be long and I'll be on my feet

But untill then I sleep and I eat

In a(Chorus)We grow up, change and move away
