

# Somewhere Down The Line

[T.G. Sheppard](#)

I know who you belong to, From the way that he holds you  
But I'm getting the feeling, That you could be mine  
Now is not the time or the place, And there's no telling when  
From the look that you gave to me, Were sure to meet again

Some other place, Some other time  
We will be together, Somewhere down the line

There's no use in pretending, How this night will be ending  
You'll be leaving together, I'll go home alone  
But my heart tell me that someday soon, That will make up for the time we lose  
You'll be waiting in the dark somewhere, For a love that you can't resist

Some other place, Some other time  
We will be together, Somewhere down the line

Somewhere down the line, It's just a matter of time  
I'm gonna make you mine, Somewhere down the line

Some other place, Some other time  
We will be together, Somewhere down the line

Some other place, Oh some other time  
We will be together, Somewhere down the line
