

Big Sky (with Tom G. Warrior - Celtic Frost)

Probot

My world has died
All gusts and leaves
Your wondrous life
And love have ceasedAnd all you've touched
Is dead and gone
And night for night
We're all aloneBig sky throning over the tree
You've left behind
Through these tears lost
By your forlorn only child
Big sky throning over the tree
You've left behindIt hurts inside
This silence new
And yet i know
The wind is youAnd all you've touched
Is dead and gone
And night for night
We're all aloneBig sky endless in your overwhelming pain
Free at last into the light behind this eternal rain
Big sky endless in your overwhelming painYou'll never pale
You're never gone
And all within
I'm not aloneBig sky
