It Was You

Nili Reyy

[Intro: Nili Reyy]
Yea... You know a lot of women wonder why, I am the way I am...
Why I run around with my jar of hearts
Why love can never be the same to me anymore
Everybody wonders why...
And I simply tell them.. CAUSE IT WAS YOU!

[Bridge: Nili Reyy]
Running circles trying to get away
Looking for some better days //
Caught up in her awful love
From her trying to get away...
From her trying to get away...
From her trying to get away...

[Course: Nili Reyy]
Cause It Was You!
Lil Mama who had my hopes up High! //
It Was You!
Baby girl who fed me all of your lies! //
It Was You
Lil Mama and I don't know why! //
Because of you I walked a stray
your love just had me so blind //

[Verse #1: Nili Reyy]
I don't want to be a person that's wrapped up in all these problems //
I'm tired of waiting baby but wishing just will not solve them //
So I try to get away... I get away! You pull me back //
Then you say that you don't want me tell me where's the love in that //
And I am tired of choosing nothing when nothing don't want me neither //
That's why when she says she loves me I say I hardly believe her //
I refuse to be a puppet she plays with up on the side //
I choose not to be a victim of love she has to provide //
Now I've came to the conclusion and figured the reason why //
I can't break off of her love I'm a prisoner of her lies //
Cause it was you who put me through the struggles and pain //
And it was you who left my love out there in the rain //

Cause It Was You!

[Verse #2: Nili Reyy]
Cause It was (You) x4 You who was to blame //
Put myself in situations that I felt just couldn't change //
Put my life into this love and got hurt right there in exchange //
And the hate I grew towards you God himself just couldn't contain //
I was trying to show you different and be the best that I can //
No matter how hard I tried it seems that you don't give a damn //
And I'm.. no longer a prisoner of your lies //
You could try but you'll never have me back in your life //
Oh my it was you.. It was you who threw me hate //
Because of your stupid actions I'm throwing it in your face //
Till it burns and it bleeds see my love back in disguise //
Wondering why I'm like this I'll tell you the reason why //
Cause It Was You!

[Outro: Nili Reyy]
Yea... I thought I told you baby girl!
YOU FUCK WITH MY EMTIONS ITS GONNA BE REAL BAD!
And that's the reason why people wonder why I am the way I am..
And I just tell them It Was You!... Cause YOU...
Were the one who broke my heart..
So I hope you choke on your own words
But it's cool I'm going to Stay Motivated..
NILI REYY! yea...
