

# Dismantle Me (Acoustic version)

## The Distillers

I fancy you but I've been destitute  
And all I know dissolved, I could never re-undo you  
I will always say it's so, I will always speak the truth  
Descend into a noose, I could never re-undo you I want to bury you  
I want to bury you Vultures circle around  
Feathers float, wings flap, beaks pound  
And though my hearts exposed  
I could never re-undo you I will always bleed the truth  
I will always speak it new  
And know I was sent to cut you loose  
I will never re-undo you I want to bury you  
I want to bury you  
I want to bury you  
I want to bury you Dismantle me  
Dismantle me  
Dismantle me  
Dismantle me And Its warm and humid on Swanston Street  
And the air is filled with electricity  
And the sky is deeper than a dream  
And the sky is deeper than a Dismantle me  
Dismantle me  
Dismantle me And the sky is deeper than a dream  
And the sky is deeper than a dream  
And the sky is deeper than a dream
