

Finite

Volumes

Now don't go walkin' towards that light
Life is only finite, finite, yeah
You know we love to play with fire
Burnin' up the cold nights, cold nights, yeah
In, and out, of breath
I'm starin' into death
Lay down with all I am
Chemical effects
?Now don't go walkin' towards that light
Life is only finite, finite, yeah
You know we love to play with fire
Burnin' up the cold nights, cold nights, yeah
