

# You Spin Me Around

## Dead or Alive

If I, I get to know your name  
Well I could trace your private number, baby

All I know is that to me  
You look like you're lots of fun  
Open up your lovin' arms  
I want some, want some

I've set my sights on you  
(And no one else will do)  
And I, I've got to have my way now, baby

All I know is that to me  
You look like you're havin' fun  
Open up your lovin' arms  
Watch out, here I come

You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round  
You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round

I, I got to be your friend now, baby  
And I, I would like to move in just a little bit closer

All I know is that to me  
You look like you're lots of fun  
Open up your lovin' arms  
Watch out, here I come

You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round  
You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round

You spin me right 'round, baby

Right 'round like a record, baby  
Right 'round, 'round, 'round  
You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round

I want your love  
I want your love

All I know is that to me  
You look like you're lots of fun  
Open up your lovin' arms  
Watch out, here I come

You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round  
You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round

You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round  
You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round

You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round  
You spin me right 'round, baby  
Right 'round like a record, baby  
Right 'round, 'round, 'round

You spin me right 'round, baby  
Right 'round like a record, baby
