Why, Why

Carl Smith

Why, why is the dig very big and not so small
And my hands are hurting because of hulding my dig
Tell me why, why the world is so unfair?
My dig is big and hits everybody on the street like a stick
Why, why I want a small size, not XXL

Please help me and if you have Idea
Then call 5443-6002-999 and tell me why
Ouch, stay where you are, Willy
Don't hurt me, why, why, why, why, why
