Control

Name Taken

We will cheat you out of everything, that you would
We will sell you who you are
there are the choices that we already made
That we feel
Will suite you wellThis is us selling you out, no
No one dares buy itDon't stop, this is your life
There's no heart in your soul?
Stop telling to yourself that you want control.Were fine enough, and depend on life, yea
Look our best sleep in
Close your eyes don't breathe to deep
Can you feel it (can you feel it?)
were watching your every move.Don't stop, this is your life
There's no heart in your soul?
Stop selling to yourself that you want control.There is an order in which you'll grow on, (grow on)
And learn whose bossin' who
There is an order in which you'll move, (move)
In which you'll learn to soonClose your eyes
Can you feel it, can you feel it?
Close your eyes
Can you feel it, can you feel it?oh, this is us selling you out
no, no one dares buy itDon't stop, this is your life
There's no heart in your soul?
Stop selling to yourself that you want control.i can't, i can't breath outta line...
