

# Down

## Five for Fighting

Hey good looking  
What you got cooking  
I can see but I can't find the light Please forgive me  
If I don't have a smile to smile tonight Don't you know  
Life ain't pictures and words  
And I don't care if you know that I'm hurting cause I won't let you get me down  
I won't let you get me down  
This time around I see you're happy  
Out there laughing  
Must be nice to have your sweet revenge I might be crazy  
But I think I won this in the end, the end Don't you know I can build my own house  
You can try, but you can't throw me out because I won't let you get me down  
I won't let you get me down They say you don't get what you want  
But you get what you need  
I don't know who they are  
Or how they believe it The truths in the tears  
The fire and the fears  
I'm standing on I won't let you get me down  
I won't let you get me down  
I won't let you get me down  
I won't let you get me down  
This time around
