# Feeling Blue

## Finley Quaye

I'm right at home, must be beneficial, yeah
I'm right at home, can't be artificial, noBabylon fall, falling, falling down
The reign is falling, falling, falling down
All that I know, all that is naturalI know, I blow
Baby Im feeling blue so what you gonna do bout it
Baby Im feeling blue so what you gonna do bout itI feel at home, must be beneficial yes
I'm right at home, can't be artificial, no
If you are a radical, answer your callBabylon fall, falling, falling down
Answer your call and take your love to town
All that I know, all that is naturalI know, I blow
Baby Im feeling blue, so what you gonna do bout it
Baby Im feeling blue, so what you gonna do bout itDo you sympathies things are ever so dread?
Do you understand I am ever so good?I blow, I grow
Baby Im feeling blue so what you gonna do bout it
Baby Im feeling blue so what you gonna do bout it
Baby Im feeling blue so what you gonna do bout it
