

Drops of Water

The Judds

There's a bird in my tree
Singin' sad autumn melodies
There's an old summer breeze
And it's blowin' away
There's a cloud in my sky
There's a boy who's been on my mind
There's a tear in my eye
And I think it might rain
Drops of water, drops of water
Fallin' down around my fate
It's nothin' but the rain in my life
Drops of water, drops of water
Fallin' down around my fate
Oh, it's nothin' but the rain in my life
There's a moon up above
Shinin' down on the one I love
There's a pain in my heart
He's gone away
If a star falls tonight
Let it fall and with all my might
I close my eyes, make a wish
He'll come back someday
Drops of water, drops of water
Fallin' down around my fate
It's nothin' but the rain in my life
Oh, drops of water, drops of water
Fallin' down around my fate
Oh, it's nothin' but the rain in my life
Oh, it's nothin' but the rain in my life
Drops of water, drops of water
Drops of water, drops of water
Drops of water, drops of water
Drops of water, drops of water
