

We Got We

Uriah Heep

I got you, you got me
We are where we belong Safe places, warm faces
All have been gone too long Sky writing, inviting
Disappears amidst the clouds False promise, the last cold kiss
All seem so distant now Just with each other
We are all so well armed
And with a little care we need
Never be harmed We've got we, and there's love
Before our eyes We can have it and hold it
If we realize Just with each other
We are, we are so well armed
And with a little care we need
Never, no never be harmed La la la
