

# Easy For Me To Say

Clint Black

Easy for me to say (clint black/hayden nicholas)

Some won't find the words

More won't find a way

Never too often heard

You know it's easy for me to say

The thing you need to hear

Way more than every day

Can never be too clear

You know it's easy for me to say

Chorus

I love you

Quiet and loud

Alone in a crowd

I love you

In a thousand little ways

I'm learning to say

And I learn something new every day

I love you

It's easy for me to say

It always sounds the same

Music to my ears

Leaves nothing to explain

You know it's easy for me to hear

The phrase that we all know

Nothing it can't outweigh

Take it wherever we go

You know it's easy for me to say

Repeat chorus

Bridge

I love you

No poet ever found a better way

You know it's easy for me to say

I love you

I'll try to say it more every day

You know it's easy for me to say
