

Change Or Die (Album Version (Explicit))

Papa Roach

This is a wake up call
To one, to all
The opposition, will take the fall Are you sick of just getting by?
Are you tired of fucking crying?
Are you looking for a better life? Change or die, we're looking for the answers of our life
Tonight
Change or die, the answer is for you to do what's right
Tonight! Are you corrupted by the status quo?
The repetition, it kills us all Stuck in the dead end job, looking for the way out Change or die, we're looking for
the way out
Change or die, the answer is for you to do what's right
Tonight! We won't come down, not tonight
This is our battle cry, we're ready to fight
We won't come down tonight
This is our battle cry, we're ready to fight Change or die, we're looking for the answers of our life
Tonight
Change or die, the answer is for you to do what's right
Tonight! Change or die!
Change or die!
