Crucified

Agnostic Front

They ask why do we dress this way
Live for now, don't understand today
See the kids but don't hear what they say
Close your eyes and look the other way
Say the end justifies the means
Gonna lock us up and throw away the keysCrucified, crucified for your sins
Crucified, crucified for your sinsThey don't know our feelings only desperate cries
They see reflections through distorted eyes
We don't care because it breaks their views
Got to learn to fight to live before they grind us under heelWe're the targets so easy to find
And we're the ones that won't stay in line
I find myself nailed to a cross
For something that I didn't do
