

# This Time

## John Legend

Ran into you yesterday  
Memories rushed through my brain  
It's starting to hit me, now you're not with me  
I realized I made a mistake  
I thought that I needed some space  
But I just let love go to waste  
It's so crystal clear now that I need you here now  
I got to get you back today  
This time I want it all, this time I want it all  
Showing you all the cards, giving you all my heart  
This time I'll take the chance, this time I'll be your man  
I can be all you need, this time it's all of me  
I hit the bar every night  
Looking to score a good time  
It's not like I planned it, we left empty handed  
'Cause I'm still alone in my mind  
Now what will it take to feel right  
Can I come see you tonight?  
Is there someone new now, what can I do now?

'Cause I need you back by my side  
This time I want it all, this time I want it all  
I'm showing you all the cards, giving you all my heart  
This time I'll take the chance, this time I'll be your man  
I can be all you need, this time is all of me  
Last time I wasn't sure, this time I will give you more  
I'm more mature, I'll show you  
Last time I didn't know, I messed up and let you go  
I need you, don't say no  
Lying alone in this room  
All that is missing is you  
Pick up the phone  
Won't you come home?

This time I want it all, this time I want it all  
I'm showing you all the cards, giving you all my heart  
This time I'll take the chance, this time I'll be your man  
I can be all you need, this time is all of me, all of me, yeah
