One On One Fun

Tamar Braxton

You came and struck me with that coup I thought I was bulletproof
Didn't know I boss a harbor, then again it's you
We in a billion dollar club, it's not a fault, it's the truth
I can be anywhere, but I just wanna be right here with youAll of my diamonds are here upon this was a keeper
You want your lemon juice, and I just wanna get between
In all my mind, it's what I want you to do[Hook]
One on One Fun
One on One Fun
One on One Fun
I need that, One on One Fun
One on One Fun
One on One Fun
One on One Fun
I need that, One on One FunWhen we're in public, that just makes me wanna be alone with you
Won't you come play me, it's enough
You feel it too
Ain't got no problem when the stereo makes me wanna break the rules
I'm showing our hearts baby, I'm your superwoman, and you're the truthAll of my diamonds are here upon this was a keeper
You want your lemon juice, and I just wanna get between
In all my mind, it's what I want you to do[Hook]
One on One Fun
One on One Fun
One on One Fun
I need that, One on One Fun
One on One Fun
One on One Fun
One on One Fun
I need that, One on One FunOne on One Fun...
