Little Bird

Ah-Mer-Ah-Su

Little bird
Little bird
We almost passed you by

Little bird
Little bird
Your feathers were so bright

Little bird
Little bird
So still you made us pause

Little bird
Little bird
So quiet you must have died

Little bird
Little bird

Little bird
Little bird (repeat)

I couldnâ€™t cry
I couldnâ€™t shout
Little bird
Little bird

So sorry
Without a doubt
Little bird
Little bird

And though Iâ€™m not devout
We gave you a Christian burial
Roger carried you in his hands
and while he duck
I sang a mourning song

Little bird

Little bird (repeat)

[background:
Lovely little bird bird
Lovely little bird bird
Lovely little bird bird
Lovely little bird bird
Ring around the roosie (?)
Pockets full of doozies
Ashes to ashes
We all fall down]
