

I Want More

Jeffries Fan Club

My wife says I don't spend enough time with her
I spend too much time at work
I've gotta stay that extra hour
I've gotta make that extra dollar
If you want to be the best you've gotta work
I know that I have everything
But it's not enough for me
I know I have everything
But I want more
Some day I'll be the richest man
Being lazy I can't stand
I don't have fun and I don't live
I love to take but I don't give
Someday I'll be the richest man
