Walk The Line

Ray Majors

Never said it was fair, but still I never knew fear
Not in a million years could you tell me that I'd be here
I just hopped off that lier, my life on another tier
Lifting glasses for cheers, keep that hating out my ear
From country living to country skipping, this would drive you crazy
Check the rate that they pay me, a giant could never slay me
Money never a maybe, but never forgot my roots
I heard that the top is lonely, I wonder if it's the truth
So I'm just climbing, pay that fine, and now I'm shining could be blinding
Ain't too much real left but right here is where you could find it
This that new classic, ain't this what you needed?
I'm what amazing look like, you'll recognize it when you see itKnow where I wanna be, but I'm far from home
Just trying to make it on my own
And unless they send me clothes, I don't answer phones
This is the line, and I walk alone
Ain't no going back now
Don't know where I'm at now
Ain't no going back now
This is the line and I walk aloneI been counted out, I been stepped on
I was wide awake, and got slept on
I had everything and then I lost it
Worked my ass off, I'm exhausted
All this talking about me, just talk about me
I'm here now, they can't walk around me
I'm dedicated, flow elevated
Tell every hater I hope you never play it, said I'd never make it
Now I'm celebrating, I'm never quitting, no resignation
I'm the fresh face with no expiration
I know pressure make diamonds, so I threw them off in this chain
And when it's all on the line, I'm who you want in the game
Cause I'm gonna get it
And that's for sure
Can't be like y'all, that's a no-go
International, and y'all local
Got this locked up just like popo
Every beat get A, that's tocho
Won't lose, oh no, that's Yoko
Been up and down like Lolo's
Still make my own on the solo

Had to be here to believe it
Think like winners to perceive it
Had to let you know that I mean it
If I speak it, I say keep it
This flow, that's genius
Just think about it, would I think about it?
If I didn't live it, won't ink about it
Married to the money, put a ring around it, what?Know where I wanna be, but I'm far from home
Just trying to make it on my own
And unless they send me clothes, I don't answer phones
This is the line, and I walk alone
Ain't no going back now
Don't know where I'm at now
Ain't no going back now
This is the line and I walk aloneAnd everything ain't the way I planned it
But when the smoke clears, I'm the last standing
This lifestyle can be so demanding
But I take off like a plane and they never landingKnow where I wanna be, but I'm far from home
Just trying to make it on my own
And unless they send me clothes, I don't answer phones
This is the line, and I walk alone
Ain't no going back now
Don't know where I'm at now
Ain't no going back now
This is the line and I walk aloneAin't no going back now
Ain't no going back now
This is the line and I walk alone
