

# Selfish (AnthosFlip)

## Slum Village

I'm callin (Yeah maybe I'm selfish)  
Out to (I want you to myself I can't help it)  
All my (Yeah maybe I'm selfish)  
Y'all my, ladies and I can't (maybe I'm selfish)  
(I can't) Let you (let you)  
(I want you to myself I can't help it)

Be with (yeah) no one (yeah) but me (yeah) babyTo my thick chicks down in Texas  
All the way to New Orleans where the girls cook catfish

And in LA every chick's an actress  
Hollywood status with the shaded glasses

To Detroit, yeah the place that I rest  
Where the ladies got ass to sell a lot sex  
And Hot Atlanta y'all is one of the best

Where they speak southern and slang and smoke la cess  
And New York women are way too fresh  
Too much on your mind let me ease that stress  
I wish you all were mine it's so selfish  
Maybe I'm feelin myself too much I guess  
But, to my ladies all across the globe  
In small towns that I don't even know  
To all local international codes

Whether you see me in streets or catch me at shows, I'm callin...I'm callin (yeah maybe I'm selfish)  
Out to (I want you to myself I can't help it)  
All my (yeah maybe I'm selfish)  
Y'all my ladies and I can't (maybe I'm selfish)  
(I can't) Let you (let you)  
(I want you to myself I can't help it)

Be with (yeah) no one (yeah) but me (yeah) babyUh! And I'll be tryin to come around my girl actin like Mr.  
Friendly

And steal the spotlight like Mr. Bentley

I spotted her like Spud McKenzie

And for them fake boobies I payed them Benjies

Get your own, I got Paris he got Nicky he tried to get ?em a clone

He said yeah you know you got extra hoes

And everything you do is extra cold

From the Polo fleece to the Jesus piece

I got family in high places like Jesus' niece

Can I please, say my peace

If y'all fresh to death, then I'm deceased

And this one here, is a heat rocks  
Spit like a beat box, the way the beat rocks  
New version of Pete Rock!  
But for that Benz I get CL love  
So I switch my girls around like 3L-dub [3LW]  
I'm callin..I'm callin (Yeah maybe I'm selfish)  
Out to (I want you to myself I can't help it)  
All my (Yeah maybe I'm selfish)  
Y'all my ladies and I can't (maybe I'm selfish)  
(I can't) Let you (let you)  
(I want you to myself I can't help it)  
Be with (Yeah) no one (Yeah) but me (Yeah) babyWhat up Pam how your little man doin in New Jersey
