I'm Your Man

All 4 One

If you've been hurt and you feel you can't go on The pain in your heart is much too strong, it's been there too long It's time to let go and to find you someone new Someone who really cares and will always be there for you One who'll hold you tight, morning, noon and night Gently kiss your lips under candlelight Give you all you need, love you endlessly for life If you're looking for love and romance Someone who cares and understands I'm your man, I'm your man, I'm your man, baby I'm your man And girl I'll treat you right, hold you tight And make sweet love all through the night I'm your man, I'm your man, I'm your man Now he promised you he would never let you down But when you needed love and never was, just could not be found He played with your heart, just like it was a game But girl never, never, never again Just let me in girl, things will never be the same Girl I'll hold you tight, morning, noon and night Gently kiss your lips under candle light Give you all you need, love you endlessly for life If you're looking for love and romance Someone who cares and understands I'm your man, I'm your man, I'm your man, baby I'm your man And girl I'll treat you right, hold you tight And make sweet love all through the night I'm your man, I'm your man, baby I'm your, your man Girl, I'll never let you down and when you need love I'll always be around to satisfy your every desire Over and over again If you're looking for love and romance Someone who cares and understands I'm your man, I'm your man, I'm your man, baby I'm your man And girl I'll treat you right, hold you tight And make sweet love all through the night I'm your man, I'm your man, I'm your man, I'm your man If you're looking for love and romance Someone who cares and understands I'm your man, I'm your man, I'm your man, baby I'm your man

And girl I'll treat you right, hold you tight And make sweet love all through the night I'm your man, I'm your man, I'm your man
