

# The Last Letter

## Language Arts Crew

Sitting alone up in your empty room  
In the stillness of the night  
Where all the many dreams that used to carry you  
Are no longer in sight  
You put your feelings down in black and white  
A sad, disturbing reply  
That you don't really want to face another night  
So you're saying goodbye  
But do you know that you're saying goodbye  
To a lifetime  
Well, I've got to tell you there's another way  
To be free to be complete  
But, you've got to make it through another day  
And deny your own defeat  
(Don't give in)  
And I'm here to tell you there's another way  
To consume a hungry heart  
All the love you need is just a prayer away  
Let it in to where you are  
You've made it to the edge of seventeen  
Thinking now you've reached the end of the line  
But there's so much of life that you have never seen  
Now you won't have the time  
You say that you don't hear the music play  
So you're ready to give up the dance  
Now that nothing really matters anyway  
Oh, you give up your chance  
But do you know that you give up your chance  
At a lifetime  
Well, I've got to tell you there's another way  
To be free to be complete  
But you've got to make it through another day  
And deny your own defeat  
(Don't give in)  
And I'm here to tell you there's another way  
To consume a hungry heart  
Jesus is waiting just a prayer away  
Let him in to where you are  
You put your feelings down in black and white  
A sad, disturbing reply  
That you don't really want to face another night  
So you're saying goodbye  
But do you know that you're saying goodbye  
To a lifetime  
Well, I've got to tell you there's another way  
To be free to be complete  
But you've got to make it through another day  
And deny your own defeat  
(Don't give in)  
And I'm here to tell you there's another way

To consume a hungry heart  
Jesus is waiting just a prayer away  
Let him in to where you are
