Dead Til Tomorrow

Dead Til Tomorrow"Ask me how I am today
I'll say I am not okay
I'm so not getting out of bed
Cause I ain't just not feeling itTell me you got plans for me
I'll say I'm not gonna leave this place
Just woke up from a bad dream now all I want is my medicineSo go ahead and get out
And close the door after you leave
Guess I'll be fine when it's just me
Promise I'll call in case I need you here but nowI'm low (I wanna lay low)
I wanna lay low (I need to let go)
I need to let go and keep my head under the pillow
Stay low (Make all the pain go)
Make all the pain go sleep it away
And if anybody ask where I'm at
Say I'll be back but I'm dead 'til tomorrowI'm feeling miserable, situation critical
Emotional, inconsolable and no I ain't playing difficult
It's just one of those daysSo go ahead and give me space
Be by myself it's all it takes
When it falls all in I'll be okay
But for nowI'm low (I wanna lay low)
I wanna lay low (I need to let go)
I need to let go and keep my head under the pillowStay low (Make all the pain go)
Make all the pain go sleep it away
And if anybody ask where I'm at
Say I'll be back but I'm dead 'til tomorrow
Don't - want - to - see - no - one, just my fantasy
I am here - but - let - me- be -gone, dream I wanna dream
And I don't care if anyone gives a damn about itAsk me how I am today
I'll say I am not okay
I'm so not getting out of bed
Cause I ain't just not feeling itI'm low
And I'll stay low (Make all the pain go)
Make all the pain go sleep it away
And if anybody ask where I'm at
Say I'll be back but I'm dead 'til tomorrow(I wanna lay low)
(I need to let go)
I need to let go and keep my head under the pillowStay low (Make all the pain go)
Make all the pain go sleep it away
And if anybody ask where I'm at

Say I'll be back
Say I'm dead 'til tomorrow
