Get Out

Ash

Get your money out for me, If you get it all out you'll see, You've got so much to give, you've got so much to loose It might seem a little unfair, so now you see you cannot chooseTake a time out for me, Get it all out for me, You've got so much to give, you've got so much to loose It might seem a little unfair, so now you see you cannot chooseGet your money out for me, If you get it all out you'll see, You've got so much to give, you've got so much to loose It might seem a little unfair, so then you'll see that you cannot choose
