

# Rivers or Oceans

## BOY

A pale blue day rising  
As I'm sailing away from the scene of the crime  
Just a few more miles and  
We're strangers again  
No traces behind me  
Yeah, the water will sweep away the blood and the gold  
I wait for big waves to find me  
And hope afloat we hold  
Such a shimmering misfortune  
Such a dark kind of bliss  
I'll cry rivers or oceans  
'Til I get over it  
Such a shimmering misfortune  
Such a dark kind of bliss  
I'll cry rivers or oceans  
No shipwreck sensation  
You won't hear about it on the morning news  
As if the shore wasn't shaking  
Well, let's swim out one more time  
And if I dive deep down, will I find the spark  
Will I come up with what I thought was lost  
Will I breathe easily  
Will I retrieve what was mine?  
Such a shimmering misfortune  
Such a dark kind of bliss  
I'll cry rivers or oceans  
'Til I get over it  
Such a shimmering misfortune  
Such a dark kind of bliss  
I'll cry rivers or oceans
