

# Free

## Omarion

I'm free, I'm free, so free

I'm free!

Free from all this guilt I held inside,  
How could you look me in my eyes and just lie?

Kept me hostage for your own salvation,  
I'm no longer there, I won't be gone and...

Cause I'm free!

She said 'I'm free!'

She said 'I'm free!'

She said 'I'm free!'

Baby, wait for me! (x4)
