

Lay Low

[Sheila Nicholls](#)

lay low, lay low.
keep your head above the water,
like the turtle taught yousing high, sing high
way above the dogma,
that's where they havent gotcha.in all directions heal infections....hold your poise, balance will be here
what joy employs, yeah balance will be here
keep your stance cos justice will arrive.
confidencegrow back, grow back,
show them to your daughters
like the clear cuts taught you.in all directions heal infectionshold your poise.....
