There U Go

Johnny Gill

The way you touch, mmm
The way you kiss, ah yeah
Girl you know you know
I'm in, I'm into this
Alright
And girl you know, mmm
Just what to do ah yeah
How and where and when to make
To make a move
Baby you know
That I will do anything
And ev'rything for you baby
I lose all self control with you
'Cause I can't help myself
You're like nobody else
What can I do?There U go again
(There U go, there U go, there U go)
And here I come
(Here I come, here I come, here I come)
Right back in your bed
(In your bed, in your bed, in your bed)
Makin' love
Make sweet love girl once again, ohHere it is baby
Do anything that you wanna do
Work it now baby
I wanna work it back on you, ooo
Give it here baby
I wanna spend the night in you
Move it, move it, do it
Make it smooth baby
Baby you know
You need only touch me girl
And I'm a slave for you, yeah
And I lose all self control
And I do what I do 'cause I'm so into you
I can't let go[HOOK 2 times]I lose my self control with you
'Cause I do what I do 'cause I'm so into you
I can't let go[HOOK]
