

Give And Get

Pennywise

Yeah, you sit around here
Just complaining 'bout your life
Think you have nothing, it's not working
And you just want to get out
Why don't you take the time
And take your blinders off?
You've got to try and make an effort
'Cause you know that
What you give is what you get
You have so much just look around
What you give is what you get
If you just take the time to look around then you will find
Blame spoiled, rotten brats
For things that you don't have
As it turns out what they possess
Are not things you'd want anyhow
Get off your [Incomprehensible]
And turn that shit down
God helps those who help themselves
In any sort of instance
What you give is what you get
You have so much just look around
What you give is what you get
If you just take the time to look around then you will find
There's opportunities yet you don't want 'em
Just lie around and, and watch 'em go
Just a limp body that doesn't have fun
Do I feel sorry for you? Hell no
Get off your ass, get with the program
There are so many fun options
Waiting outside your front door
Think of what you have not what you don't
'Cause in the head there's no one
Who really gives a shit any, anymore
What you give is what you get
And what you've been giving, yeah you've been getting
What you give is what you get
And what you've been giving, yeah you've been getting
And what you give

So you better start giving to yourself
