

# My Sweet Prince

## Placebo

Never thought you'd make me perspire  
Never thought I'd do you the same  
Never thought I'd fill with desire  
Never thought I'd feel so ashamed  
Me and the dragon can chase all the pain away  
So before I end my day, remember My sweet prince you are the one  
My sweet prince you are the one Never thought I'd have to retire  
Never thought I'd have to abstain  
Never thought all this could back fire  
Close up the hole in my vein  
Me and my valuable friend can fix all the pain away  
So before I end my day, remember My sweet prince you are the one  
My sweet prince you are the one  
You are the one, you are the one  
You are the one, you are the one Never thought I'd get any higher  
Never thought you'd fuck with my brain  
Never thought all this could expire  
Never thought you'd go break the chain  
Me and you baby still flush all the pain away  
So before I end my day, remember My sweet prince you are the one  
My sweet prince you are the one  
You are the one, you are the one  
You are the one, you are the one  
You are the one, you are the one  
You are the one, you are the one  
My sweet prince, my sweet prince
