## Pick Me Up

## The Format

Behind the curtains
I hide from the eyes of the world
And I know for the certain
That this storm is lurking around
And as much as I try to
I never can fight it away
Its taking me down, down, down
Again

I wanna see the fights and fall
I wanna catch a glimmer of hope
I want you to keep my call
I want you to give me more than your soul

Pick me up Will you?

Pick me up

From the floor tonight

I'll stand up

If you

Pick me up

Pick me up tonight

Make me smile

Again

Falling in deeper

Than I've ever dreamed of before

Now its so much more than

Just keeping the wolf from the door

Forever thinking and constantly sinking below

Don?t wanna go down, down, down

No

I wanna see the fights and fall
I wanna catch a glimmer of life
I want you to keep my call
I want you to give me more than your time

Pick me up
Will you?
Pick me up
From the floor tonight
I'll stand up

If you

Pick me up

Pick me up tonight

Make me smile

Again

Need you to fight and fall

Need you to face my all

Need you to give me nothing but light

I want you to keep my call

Come and brave this storm

Want you to give me more than your life

Pick me up

Will you?

Pick me up

From the floor tonight

I'll stand up

If you

Pick me up

Pick me up tonight

Pick me up

Will you?

Pick me up

From the floor tonight

I'll stand up

If you

Pick me up

Pick me up tonight

Make me smile

Again
