

# Keep Your Head To The Sky

Lisa 'left Eye' Lopes

Keep on you so try  
Keep on singing let's try  
Keep on moving try  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try

To all my little shorties coming up in school  
Don't forget what they said about the golden rule  
"Do unto others as you would have them do unto you"  
Your life is what you make it, and that's true  
And if you don't know what I'm talkin' 'bout  
Then lesson number one thee  
You better watch what's coming out'cha mouth  
'Cause while you're talkin' 'bout your friends  
Showing these messages you sent  
Gotta real funny way of comin' back again  
I know that life can be a struggle (struggle, struggle)  
You stayin' in and out of trouble (trouble, trouble)  
Weapons used, killin' our youth  
What's up with that?  
You feelin' used and abused  
Wanna strike back  
Then do yourself a favor  
Take the anger, flip it around  
I'm telling you He's the savior  
There's more to life than you may ever know  
But you must recognize  
What it means to grow  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try  
Keep your head to the sky  
Lift your life and reach high

Wipe your tears and don't cry  
You will make it if you try  
In the mist of all this confusion, burnt bridges turn into bruises  
I conjure flames out in fusion, mental combustion to music  
Compells the demons to shatter  
Miscontrusing the fantastic  
Imagine how clear is to plastics  
Time to fault the unnatural  
Copin' and dealin', makin' me feel like I'm about to burn any second  
Losin' the feelin' like life is depressin'  
Generations are burnin' and people ain't the same no more  
For real 'cause he drops, she drops, what happend to the fall we rise?  
It's nothin' but encouragement, we encourage with pride  
If you instill the blessings and return to now for no lie  
Unfold your eyes, don't be blinded by the pain and the tears  
You never dried  
Realize peer pressures of our young adolescents

Bulletproof vestin'  
And searchin' for questions  
We tell them everything but the truth  
For instance there's pride inside  
Squash the bullshit and you'll be all right  
And we'll make it to that other side  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try  
Now as we step into the light and grab the mic  
Let's try to look for difference between wrong and right  
You know they listenin' to everything that we resite  
But if it's glistenin', that makes it a'ight  
We got shorties on the blocks who know they glocks  
Believe it or not  
We raisin' the last generation through Hip-Hop  
We can't forget about Playstation, you don't stop  
What's wrong with the nation? It's flip-flop  
But we can turn it all around, starting with the sound  
Spreadin' love from the Rock 'N Roll to the Underground  
We gotta take control of our minds, bodies, and souls  
Never fall, never fold, never fold

And then let the truth be told, there it go  
Let it show  
Open your mouth, and let it flow  
Into the depths and through the blackest hole  
We can find rainbows and a pot of gold  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try  
Keep your head to the sky  
Lift your life and reach high  
Wipe your tears and don't cry  
You will make it if you try
