High On Love

Josh Heinrichs

Well, I know that you're with me when I'm sleeping
And I know that you hear me when I'm speaking
No, I'm not gonna fight it and I just can't deny it
'Cos I know that it's something I believe in
And you made me listen
And you really showed me where to go
And you made me wonder who I am
You're making me high, high, high, high on love
You're making me high, high, high, high on love
You're making me high, high, high, high on love
You're making me high
When I'm cold I feel your arms around me
When I cry you're there to hold me gently
Wanna shout out loud 'cos I feel so proud
And I know that you're there to defend me
And you made me listen
And you really showed me where to go
And you made me wonder who I am
You're making me high, high, high, high on love
You're making me high, high, high, high on love
You're making me high, high, high, high on love
You're making me high
And you made me listen
And you really showed me where to go
And you made me wonder who I am
You're making me high, high, high, high on love
(Ooh, you're making my high, boy)
You're making me high, high, high, high on love
(Ooh, you're making my high, boy)
You're making me high, high, high, high on love
(Ooh, you're making my high, boy)
You're making me high
You're making me high, high, high, high on love
(Ooh, you're making my high, boy)
You're making me high, high, high, high on love
(Ooh, you're making my high, boy)
You're making me high, high, high, high on love
(Ooh, you're making my high, boy)
You're making me high

Well, I know that you're with me when I'm sleeping
And I know that you hear me when I'm speaking
No, I'm not gonna fight it and I just can't deny it
'Cos I know that it's something I believe in
