Yeah, ha, here we go on-ce again
Guess whoâ€™s back letâ€™s go
This on-e this all about you
i will hate you but i love you
So what can i do
Now listen

It hurts when I look at you,
I fall short of breath,
now hold my hand
Why, when that person does not love you?
why donâ€™t you get it
baby let me love ya love ya love ya

Risking my everything,
I cast this spell,
we can be so perfect

Even if the world becomes my enemy It canâ€™t be
It canâ€™t be anyone but you
baby let me love ya love ya love ya

Iâ€™ve been waiting all this while
Sorry Iâ€™ve been sincerely desiring for
your long-time relationship,
that pushed me aside, to cruelly end

Forget that person, now erase him
He was not a good match for you anyway
so baby want you come to me
iâ€™ll make you make you happy

It hurts when I look at you,
I fall short of breath,
now hold my hand
Why, when that person does not love you?
why donâ€™t you get it
baby let me love ya love ya love ya

Risking my everything,
I cast this spell,
we can be so perfect
Even if the world becomes my enemy It canâ€™t be
It canâ€™t be anyone but you
baby let me love ya love ya love ya

At first I wished for your happiness
Even if it was by that personâ€™s side I believed
that if you were happy without me,
that was enough

But I see your tears.
I see your sadness.
I try to hold back but itâ€™s no use.
Now Iâ€™m worn out, crazy
I can not let it go I got a take you
This is our destiny YEAH

It hurts when I look at you,
I fall short of breath,
now hold my hand
Why, when that person does not love you?
why donâ€™t you get it

baby let me love ya love ya love ya

Risking my everything,
I cast this spell,
we can be so perfect
Even if the world becomes my enemy It canâ€™t be
It canâ€™t be anyone but you
baby let me love ya love ya love ya

Why donâ€™t you know?
Why is it that person of all people?
Your painful love,
I canâ€™t bear to see it
Forget that bad love that bruised your heart
Now forget it PLEASE!
I will save you, who is in pain
When your tears that are reflected in the mirror
flow without a sound, without any meaning
My heart becomes completed ripped apart,
I can cross over the sea
Please believe me,
Iâ€™ll call the heavens as my witness
We will be our final love YEAH

It hurts when I see you.
I fall short of breath.
My heart hurts
Why, when that person doesnâ€™t love you?
why donâ€™t you get it
baby let me love ya love ya love ya

Risking my everything,
I cast this spell,
we can be so perfect
Even if the world becomes my enemy It canâ€™t be
It canâ€™t be anyone but you
baby let me love ya love ya love ya
Let me Love you Babe!

It canâ€™t be,
It canâ€™t be,
Without youâ€¦
