

The Show

Girls Aloud

If it's not you, oh no, I won't do that
You'll have to wait for me and that is that
Should've known, should've cared
Should've hung around the kitchen in my underwear
Acting like a lady
You should've made me, oh
Should've jumped a little higher
Should've fluttered my mascara like a butterfly
Instead of being lazy
It would've saved me

Should've known, should've cared
Should've hung around the kitchen in my underwear
Acting like a lady
You should've made me, oh
Should've jumped a little higher
Should've flown around the sky
Like a butterfly
Instead of being lazy
It would've saved me

Someone saved my heart today
When someone turned the light back on
It's ever since you went away
It otherwise just feels so wrong

That special something, that they are hunting
They're always wanting, more and more
That special something, that they are hunting
They're always wanting, more and more

Nobody sees the show
Until my heart says so
If it's not you, oh no
I won't do that
Boy if you want to be my specialty
You'll have to wait for me and that is that

I won't (ooh) unless you want me (to)
I want (you), get in the queue

I won't (ooh) unless you want me (to)
I want (you), get in the queue

That special something, that they are hunting
They're always wanting, more and more
That special something, that they are hunting
They're always wanting, more and more

Nobody sees the show
Until my heart says so
If it's not you, oh no
I won't do that
Boy if you want to be my specialty
You'll have to wait for me and that is that

Nobody sees the show
Until my heart says so
If it's not you, oh no
I won't do that
Boy if you want to be my specialty
You'll have to wait for me and that is that

Ooh, ooh, ooh, ooh
Never made me now
Come and save me now
Should've made me now
Come and save me now

Should've known, should've cared
Should've hung around the kitchen in my underwear
Acting like a lady
You should've made me, oh
Should've jumped a little higher
Should've fluttered my mascara like a butterfly
Instead of being lazy
It would've saved me

Should've known, should've cared
Should've hung around the kitchen in my underwear
Acting like a lady
(Never made me now)
You should've made me, oh
(Come and save me now)
Should've jumped a little higher
Should've fluttered my mascara like a butterfly
Instead of being lazy

(Should've made me now)

It would've saved me

(Come and save me now)

Ooh, ooh, ooh, ooh

Ooh, ooh, ooh, ooh
