

New Friend (Ft. Buccaneer)

No Doubt

New friend
Mind my own business, I'm on my journey
And I have enough old friends to keep me company
But you say "hey what's up, you want to hook up?
You want to hang out with me?
Kick back, relax, feel happy and lazy?"
You're sent to me one time
You come to me two times
Why me? three times
Well, abracadabra now I've got a new friend
Let me introduce you to my new friend
I got a new friend Let me introduce you to my new friend
I got a new friend
Mind my own business, I'm on my journey
I against I on my journey
Happily interrupted extremes are extreme
So with my brand new friend we touch the boundaries
Like a little kitty's whiskers, cautiously
Experimental expressions and downward looks
You come sniff around, I'm not sure what to do
But like a big explosion, magically
Look at me I think I might have found a new friend Let me introduce you to my new friend
I got a new friend
Let me introduce you to my new friend
I got a new friend
Let me introduce you to my new friend
I got a new friend
Let me introduce you to my new friend
I got a new friend Mind my own business, I'm on my journey
Mind my own business, I'm on my journey
You're sent to me one time
You come to me two times
Why me? three times
Serial monogamy, I got a new friend
Let me introduce you to my new friend
I got a new friend
Let me introduce you to my new friend
I got a new friend
Let me introduce you to my new friend

I got a new friend
Let me introduce you to my new friend
I got a new friend
Let me introduce you to my new friend
I got a new friend
Let me introduce you to my new friend
I got a new frie-frie-frie-frie-frieMind my own business, i'm on my journey
And I have enough old friends to keep me company
But you say hey what's up, you want to hook up?
You want to hang out with me?
Kick back, relax, feel happy and lazy
In my head, it's only in my head
In my head, it's only in my head (only in my head)
In my head, it's only in my (only in my head)
In my head, it's only in my headOnly in my head
Only in my head
Only in my head
Only in my head
In my head, it's only in my head
It's in my head, it's only in my head
In my head, it's only in my head (only in my head)
In my head
