

# Hey Now

## Jack Blades

Hey now  
I said hey now  
I could use a little of your sympathy  
Said hey now  
Hey now  
All I want to hear is your symphony When I'm all alone, and so far from home I'll think of you  
Yeah, yeah, do I need a reason  
And when I'm all alone, you help me hold on  
You help me hold on hold on for one more time  
I said hey now  
Hey now  
I think I could use a little of your symphony  
Won't you help me, help me  
All I want is your love you see I could use a little now, cause I'm all out  
I'm really low, down low, and you don't know the feeling  
I said wait now, I could I could hang on when I know I know I know you're hanging on hey  
Everytime I wake I want to be with you  
And everytime I sleep I want to sleep with you  
You radiate love with every move I see  
And I see you smiling right at me  
Hey now  
Hey now  
I could use a little of your sympathy  
I said hey now  
Hey now  
All I want to hear is your symphony
