

L'Arrogance

Dark Sanctuary

[Music by Arkdae, Lyrics by Sombre Cr]"Triste fin,

Triste Destin

Que d'invoquer La Mort...Par cette corde

Autour de mon cou

Je clame mon arrogance...Par ce geste lche

A la vue des mortels

J'affirme mon dsir...Celui de rendre solennel

La beaut d'un corps froid...Celui de dfier les lois

Et les tentacules de la foi...Je profre ma fiert

D'chapper enfin la vie...Je veux quitter cet abme

De chair et de sangJ'ai sombr dans la peine

Dans la tristesse

Le nant n'voque pour moi

Que de l'espoir...Lorsque je sentis mon corps glisser

Ma tte partir violemment vers le ciel

Un got amer s'engloutir dans ma gorge...

Une trange sensation de dlivrance... "[Translation][Arrogance][Music by Arkdae, Lyrics by Sombre Cr]"Tis a
sad end,

A sad fate

To invoke Death...By this rope

Around my neck

I claim my arrogance...By this deed

Considered weak by mortal eyes

I assert my desire...That of making solemn

The beauty of a cold body...That of defying the laws

And the tentacles of Faith...I utter my pride

Of escaping life at last...I want to leave this abyss

Of flesh and blood.I have sunk into grief

And sorrow.

To me, Nothingness

Only means hope...As I felt my body slide,

My head violently moving towards the sky

A bitter taste be swallowed down into my throat...

A strange feeling of release...[Translated from french by Aries]
