I Slept With Someone In Fall Out Boy And All I Got

Fall Out Boy

I found the cure to growing older
And you're the only place that feels like home
Just so you know you never know
And some secrets weren't meant to be told
But I found the cure to growing older
I'm the first kid to write of hearts, lies, and friends
And I am sorry my conscience called in sick again
And I've got arrogance down to a science
Oh and I'm the first kid to write of hearts, lies, and friends now
Douse yourself in cheap perfume it's
So fitting so fitting of the way you are
You can't cover it up can't cover it up
So douse yourself in cheap perfume it's
So, so fitting so fitting of the way you are
You can't cover it up can't cover it up, no
Find a safe place, brace yourself, bite your lips
I'm sending your fingernails and empty bottles you've sipped
Back to your family 'cause I know you will be missed
So you can find a safe place
Brace yourself they call kids like us vicious
And carved out of stone
But for what we've become? We just feel more alone
Always weigh what I've got against what I left
So progress report I am missing you to death
Douse yourself in cheap perfume it's
So fitting, so fitting of the way you are
You can't cover it up, can't cover it up
So douse yourself in cheap perfume it's so
So fitting, so fitting of the way you are
You can't cover it up, can't cover it up, no
Someone old
No one new
Feeling borrowed
Always blue
Someone old
No one new
Feeling borrowed
Always blue
Someone old

No one new
Feeling borrowed
Always blue
Someone old
No one new
Always borrowed
Always you
I've found the cure to growing older
I've found the cure to growing older
Douse yourself in cheap perfume it's
So fitting, so fitting of the way you are
You can't cover it up, can't cover it up
So douse yourself in cheap perfume it's
So fitting, so fitting of the way you are
You can't cover it up, can't cover it up
