

Flava

Imajin

Hey there, Miss Lady, can I take a little bit of your time?
There's something crazy, 'bout the way you're always on my mind
You got me fallin', yeah, yeah, I'm fallin' for you
And I've been feelin' you like I ain't feelin' no other girl
I got to get with you You're the flava that I like, chocolate covered candy girl
You're the sweetest girl I know, girl, you know you're just my type
You're the flava that I like, chocolate covered candy girl
You're the sweetest girl I know, girl, you know you're just my type I call your number just to hear your voice on
the line
Stare at your picture, can't help myself 'cause you're so fine
I know I'm fallin' but that ain't no crime
There's somethin' about the way you really turn me on
I'm hooked on, no doubt, just give me your love You're the flava that I like, chocolate covered candy girl
You're the sweetest girl I know, girl, you know you're just my type
You're the flava that I like, chocolate covered candy girl
You're the sweetest girl I know, girl, you know you're just my type I will do anythin' I can for you and I'll be
your genie
Make your wishes come true
I'm feelin' you more than you can even know, baby girl, I like your flow
Say it will be, you and me, so let it be, let it be You're the sweetest girl I know
You're the flava that I like, chocolate covered candy girl
You're the sweetest girl I know, girl, you know you're just my type
You're the flava that I like, chocolate covered candy girl
You're the sweetest girl I know, girl, you know you're just my type
You're the flava that I like, chocolate covered candy girl
You're the sweetest girl I know, girl, you know you're just my type
