

# Already Dead

## Walking Papers

With friends like this  
Who needs enemies?  
It just so happens  
Our adventures are over  
Tonight the stars will burn outIt's too late to cooperate  
I should've seen it coming  
I've burned all my bridges  
I'm not looking backI'm already dead  
I just don't know it  
I know what I said  
I swear I didn't mean it  
I'm a lot like you  
Tonight the stars will burn outI'm a casualty  
of who I used to be  
I'm without direction  
I can't stand my reflection  
'cos I don't like what i seeI'm just like you  
I'm only passing through  
I'm coming and going  
Never quite know it  
What I'm trying to proveAnd I'm already dead  
I just don't know it  
I know what I said  
I swear I didn't mean it  
I'm a lot like you  
Tonight the stars will burn outTonight the stars will burn out!I'm already dead  
I just don't know it  
I know what I said  
I swear I didn't mean it  
I'm a lot like you  
Tonight the stars will burn out
